Commissioner for Patents

The amendment filed October 9, 2009 proposes amendments to the claims that do not comply with 37 CFR 1.173(b) (2), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required. The proposed amendment does not include the correct claim status identifiers and does not include markings pursuant to 37 CFR 1.173(d). Note that all changes in a reissue application are made with respect to the patent in effect; which, in this case, is the concluded reexamination certificate.

The amendment filed October 9, 2009 also does not comply with 37 CFR 1.173(c) in that there is no explanation of the support in the disclosure for changes made in the claims.

A shortened statutory period for reply to this letter is set to expire ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this letter.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney H. Bonck whose telephone number is (571) 272-7089.
