

REMARKS

The Applicants appreciate the thorough examination of the subject application and especially the allowance of claims 5-20. Reconsideration of this application under the provisions of Section 116 is respectfully requested. By this proposed amendment, it is proposed to cancel finally rejected claims 1-3, amend claim 4 to overcome the objection, and retain allowed claim 5-20. As Examiner Nguyen suggested, claim 4 has been amended by including the text from claim 1 from which it had depended.

In view of these amendments, it is respectfully submitted that the case is in allowable condition and a Notice of Allowance should be issued. If there are any questions concerning Amendment or if Examiner Nguyen would like to propose additional claim amendments, he is invited to contact the undersigned at the telephone number below.

Respectfully submitted,
