NOTIFICATION OF DEFECTIVE RESPONSE

The following items have been submitted by the applicant or the IB to the United States Patent and Trademark Office as an Elected Office (37 CFR 1.495):

- Indication of Small Entity Status
• Priority Document
• Copy of the International Application filed on 06/28/2010
• Copy of the International Search Report filed on 06/28/2010
• Preliminary Amendments filed on 06/28/2010
• Information Disclosure Statements filed on 06/28/2010
• Oath or Declaration filed on 11/08/2010
• Copy of references cited in ISR filed on 06/28/2010
• U.S. Basic National Fees filed on 06/28/2010
• Priority Documents filed on 06/28/2010

Applicant's response filed 11/08/2010 is hereby acknowledged. The following requirements set forth in the NOTIFICATION of MISSING REQUIREMENTS mailed 09/02/2010 have not been completed.

The following items MUST be furnished within the period set forth below in order to complete the requirements for acceptance under 35 U.S.C. 371:

- Oath or declaration of the inventors, in compliance with 37 CFR 1.497(a) and (b), identifying the application by the International application number and international filing date. The current oath or declaration does not comply with 37 CFR 1.497(a) and (b) in that it:
• Declaration filed on 08 November 2010 reveals that the declaration is not in an acceptable form. Applicants have provided a defective executed composite declaration. A composite declaration under 37 CFR 1.497(a)-(b) requires that the declaration must be complete and identify each inventor in each set of declarations provided. The composite declaration is defective because it contains duplicate sheets of page 4 of 5. This suggests that the inventors forwarded to counsel only the signature pages of the declaration. Either alternative renders the submitted declaration defective under 37 CFR 1.497. While each inventor need not execute the same oath or declaration, where individual declarations are executed, they must be submitted as individual declarations rather than combined into one declaration. (See MPEP 201.03 B. Oath or Declaration.)

Applicant is required to complete the response within a time limit of ONE MONTH from the date of this Notification or within the time remaining in the response set forth in the Notification of Missing Requirements, whichever is the longer. No extension of this time limit may be granted under 37 CFR

1.136, but the period for response set in the Notification of Missing Requirements may be extended under 37 CFR 1.136(a).

Applicant is reminded that any communications to the United States Patent and Trademark Office must be mailed to the address given in the heading and include the U.S. application no. shown above (37 CFR 1.5)
