Sir:

In response to the Notification of Defective Response dated November 16, 2010,
the following are enclosed:

1. Formalities Letter; and
2. Two executed Declarations and Powers of Attorney. The first Declaration was executed by all inventors except inventor Aaltonen. The second is inventor Aaltonen's Declaration, which was re-executed by some of the inventors. I have confirmation that each of the inventors had the *entire* Declaration when it was executed. No inventor merely reviewed his own signature page. The Notification

Applicant: Nilsen et al.
Application No.: 12/810,897

accuses applicant's attorney of receiving only signature pages from the inventors. This is not the case. Pages 1-3 were included in both Declarations that the inventors on page 4 signed.

It is respectfully submitted that all formalities have been met.

Respectfully submitted,

Nilsen et al.
