HYPERTHERMIA TREATMENT OF CELLS

PETITION UNDER 37 CFR 1.84(a)(2) TO ACCEPT COLOR DRAWINGS

Mail Stop Petitions
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

We submit color drawings herewith. The color drawings are necessary as the only practical medium by which aspects of the specification may be accurately conveyed. For example, the specification shows various paths that have multiple overlaps that would be unclear using dashes and hatched lines, and thus color is necessary to illustrate these features.

The first paragraph of the Brief Description of the Drawings section of the Specification includes the following language.

The application contains at least one drawing executed in color. Copies of this application with color drawings will be provided by the US Patent and Trademark Office upon request and payment of the necessary fee.

Because the color drawings are being filed electronically via EFS-Web, only one set of the drawings is submitted. The required \$70 fee is being paid via EFS-Web.

Sincerely,

/Stephen B. Schott/
