

REMARKS

In the Office Action, the Examiner objected to the specification, stating that the statement discussing the broken lines in the drawings must be amended to include the word "claimed" before the word "design." The specification has accordingly been amended as requested, and withdrawal of this objection is requested.

The Examiner rejected the claim under the judicially-created doctrine of obviousness-type double patenting as being unpatentable over co-pending U.S. Application No. 29/282,578. Applicant hereby submits a Terminal Disclaimer to overcome this rejection. The rejection of the claim should accordingly be withdrawn.

As the application is now believed to be in condition for allowance, issuance of a Notice of Allowance is respectfully requested.

The Commissioner is hereby authorized to charge any fee deficiency associated with this submission, or credit any overpayment to Deposit Account No. 50-3854. In the event that an extension of time is required, or that may be required in addition to that requested in a petition for an extension of time, the Commissioner is requested to grant a petition for that extension of which is required to make this response timely, and is hereby authorized to charge any fee for such, to deposit account number 50-3854. The Examiner is invited to contact the undersigned attorney at the telephone number listed below if there are any questions concerning this submission.

Respectfully submitted,

/Rajesh Vallabh/
